*Provide a short description of the event and its activities.*

The second event, focused on sport, took the guests in the little hamlet of Scalaro, at an altitude of 1413 m. Here, on Saturday 25, after the arrival of the French guests and a convivial lunch, all participants attended a meeting on the importance of sport as a community-reinforcing element. The meeting emphasized sportsmanship as a healthy philosophy for inclusion and good cooperation.

In the afternoon the guests took part in the sport events of the Vertical Scalaro Run, with races through the urban and natural landscapes of the valley of Scalaro, divided on different levels of difficulty. Then followed the award ceremony for all categories and the activities of the festival of San Quirico, a traditional celebration in honour of the patron saint of the hamlet.

Many local associations offered their services in the organization and management of the event (Pro Loco Quincinetto, Gruppo Alpini Quincinetto, Parrocchia SS Salvatore, Associazione Sportiva Pan&Sport, Associazione Vertical Scalaro, Unione Sportiva Quincinetto Tavagnasco). The music associations Filarmonica Aurora and Associazione Coro La Rupe performed in the evening during and after the convivial dinner.

On Sunday 26, after a brief conference on the next steps of the project, the participants attended the Holy Mass in the church of San Quirico and Santa Giuditta.

The event concluded after the convivial lunch, during which gifts were given to the French guests, including some carved figurines by local artisans.

The participation was higher than anticipated. The French participants were 32 (rather than 30) and the total number of participants was taken from 100 to 144.
